

AppleCare+ for Business Essentials

Terms and Conditions

The following terms are in addition to the terms of Your Apple Business Manager Agreement ("**Agreement**") and the Apple Business Essentials Software Addendum with Apple.

THIS APPLECare+ FOR BUSINESS ESSENTIALS SERVICE PLAN ("SERVICE PLAN") BETWEEN YOU (HEREINAFTER, "INSTITUTION" AND "YOU" AND "YOUR") AND APPLE GOVERNS YOUR INSTITUTION'S AND YOUR INSTITUTION'S AUTHORIZED USERS' USE OF THE SERVICES INCLUDED UNDER THIS SERVICE PLAN. YOU AGREE THAT YOU HAVE FULL LEGAL AUTHORITY TO BIND YOUR INSTITUTION AND YOUR INSTITUTION'S AUTHORIZED USERS TO THESE TERMS AND CONDITIONS ("TERMS AND CONDITIONS"). BY CLICKING "AGREE" OR BY CONTACTING APPLE TO OBTAIN SERVICES UNDER THE SERVICE PLAN OR BY REGISTERING THE SERVICE PLAN, AS THE CASE MAY BE, YOU ARE AGREEING THAT YOU HAVE READ AND UNDERSTAND THESE TERMS AND CONDITIONS, AGREE THAT THESE TERMS AND CONDITIONS APPLY AND GOVERN THE DELIVERY OF ALL SERVICES UNDER THE SERVICE PLAN IF YOU AND YOUR AUTHORIZED USERS MAKE USE OF THE SERVICE PLAN.

THE BENEFITS CONFERRED BY THIS SERVICE PLAN ARE IN ADDITION TO ALL RIGHTS AND REMEDIES PROVIDED UNDER THE APPLE ONE (1) YEAR LIMITED WARRANTY, AND APPLICABLE LAWS AND REGULATIONS AS WELL AS ANY COMPLIMENTARY TECHNICAL SUPPORT THAT COMES WITH APPLE DEVICES. THIS SERVICE PLAN SHALL NOT PREJUDICE THE RIGHTS GRANTED BY APPLICABLE LAW, INCLUDING THE RIGHT TO RECEIVE REMEDIES UNDER APPLICABLE STATUTORY WARRANTY LAW AND TO SEEK DAMAGES IN THE EVENT OF THE NON-PERFORMANCE BY APPLE OF ANY OF ITS CONTRACTUAL OBLIGATIONS.

ALL REFERENCES TO INSTITUTION OR YOU INCLUDE AUTHORIZED USERS. TO THE EXTENT THERE IS A CONFLICT BETWEEN THESE SERVICE PLAN TERMS AND CONDITIONS AND ANY OTHER APPLE BUSINESS MANAGER OR APPLE BUSINESS ESSENTIALS TERMS AND CONDITIONS, WITH RESPECT TO THE PROVISION OF APPLECare SERVICE AND SUPPORT, THESE SERVICE PLAN TERMS AND CONDITIONS SHALL CONTROL.

1. The Service Plan Generally

This Service Plan governs the services provided to You and Your employees, contract employees or other authorized end users as allowed in writing by Apple ("Authorized Users") under this Service Plan and includes the terms and conditions in this document, Your Service Plan Confirmation, and/or the original sales receipt/invoice for Your Service Plan ("Plan Confirmation"). The Service Plan is a non-insurance, supplemental warranty providing hardware services and technical support services for Apple TV, iPad, iPhone, iPod, Mac or other devices authorized in writing by Apple as eligible for inclusion in the Service Plan ("Service Plan Eligible Device Types") and the bundled accessories contained in the original packaging with the Service Plan Eligible Device Types listed in Your Plan Confirmation (collectively the "Authorized Devices" as defined below). Your Plan Confirmation is incorporated by reference into these Terms and Conditions. Your Plan Confirmation will be provided to You at the time of purchase and accessible to You

by logging into Your Apple Business Manager account at business.apple.com.

In addition to the Authorized Devices, Apple will also provide Hardware Services and Technical Support Services for the following if used with Authorized Devices: (i) one Apple Pencil and one Apple-branded iPad keyboard purchased from Apple and used with an iPad Authorized Device, referred to as "iPad Input Devices"; (ii) Apple-branded mice, Magic Trackpad, an Apple-branded keyboard purchased with a Mac mini, Mac Pro, or Mac Studio, Apple memory modules (RAM) and an Apple USB SuperDrive ("Mac Accessories") if originally purchased no earlier than two years before the Authorized Device purchase; and (iii) Apple battery chargers (collectively referred to as the "Included Equipment").

You and your Authorized Users are permitted to use the Service Plan only for purposes and in the manner expressly permitted by this Service Plan and in accordance with all applicable laws and regulations. Your Institution is not permitted to use this Service Plan for any unlawful, improper, inappropriate, or illegal activity. For the avoidance of doubt, the Institution is responsible for compliance with the Terms and Conditions of this Service Plan by its Authorized Users (including making sure that Authorized Users are aware of and understand these Service Plan Terms and Conditions) and any actions taken by Institution's Authorized Users shall be deemed to have been taken by the Institution and the Institution shall be responsible to Apple for all such actions. Institution is responsible for obtaining and shall obtain all necessary rights and consents from all of its Authorized Users in connection with use of the Services set forth in this Service Plan and to allow Apple to provide the Services under this Service Plan (including using and maintaining personal data). Additionally, the Services under this Service Plan are not permitted to be re-sold in any manner by the Institution or its Authorized Users to any person or entity, which includes but is not limited to integrating with or leveraging services or information provided as part of the Services or otherwise using the Services in any way.

As more fully described below, this Service Plan includes three distinct services: (a) high-end repair or replacement hardware service provided via Apple service channels for defects in materials and workmanship on Authorized Devices and Included Equipment after expiration of any limited warranty provided with the original hardware for an additional period determined by the Service Plan purchased ("Hardware Services"); (b) repair or replace for any reason service credits ("Service Credits"); and (c) enhanced technical support services including unlimited end-user priority support on a 24 hours a day, 7 days a week basis ("24/7 Basis"), access to Apple's IT Department Technical Support, and proactive support and customer success ("Technical Support Services"). The Hardware Services, Service Credits, and Technical Support Services, collectively the ("Services").

Apple is the provider of the services, which permits You, under these Terms and Conditions, to (i) enroll Authorized Devices that are owned or controlled by You, (including leased devices) or have been designated for use by Authorized Users (Authorized User BYOD devices for User Plans only) only, and that are eligible for use under the Service Plan; (ii) enroll Authorized Users who are eligible to use the Service Plan; and/or (iii) access relevant software, Apple Business Manager portal, Apple Business Essentials app and other tools necessary to facilitate and use the Service Plan.

You may request, and Apple may approve, in its sole discretion, other similar users to be included as "Authorized Users"; however, no other parties shall be included in this

definition without Apple's prior written consent. "Contract Employees" means individuals who perform work or provide services on behalf of the Institution on a non-piece-rate basis and who have internal access to the Institution's private information technology and/or secured access to the Institution's secured premises. An Authorized User or Contract Employees cannot be persons or entities who perform no work or services for the Institution as such person or entities are not permitted users of the Services under the Service Plan.

"Authorized Devices" means those Apple-branded devices expressly authorized by Apple that are owned or controlled by You (including leased devices), have been designated for use by Authorized Users (BYOD devices,) and that are Service Plan Eligible Device Types for use in the Service. For the avoidance of doubt, devices that are personally-owned by an individual (e.g., "BYOD" devices) are permitted to be enrolled in the user-based version (a "User Plan" as described below), not the device-based plans (a "Device Plan" as described below) of the Service Plan if the devices are configured and managed as part of the Service Plan, including but not limited to the initial enrollment flow for a device, settings to supervise a device, as well as making configuration mandatory, and/or the ability to lock an MDM profile, unless otherwise agreed by Apple in writing. If You add a BYOD device to a User Plan, You represent and warrant to Apple that the Authorized User has authorized You to add such device to the Service Plan. Not all devices are eligible to be added to the Service Plan. Apple reserves the right to set limitations on the Services under User Plans applicable to BYOD devices and to require You to remove any BYOD devices from Your account at any time, in Apple's sole discretion.

Administrator Accounts

As set forth in Your Apple Business Manager Agreement, You may create Administrator accounts for Your Administrators to use in administering the Service Plan. When You create Administrator accounts, all features and functionality of the Service Plan that You select to be available will be enabled for such accounts, and You are responsible for appropriately enabling these Administrator accounts and for all activity in connection with these accounts. You acknowledge and agree that these Administrator accounts may be used only to access and manage the Service Plan for account management purposes.

Managed Apple IDs

As set forth in Your Apple Business Manager Agreement, You may create Managed Apple IDs for Your Authorized Users to access and use as part of the Service Plan in accordance with these Terms and Conditions. You are responsible for deciding which features and functionality of the Service Plan to enable for Your Authorized Users and for the creation, use, and management of Managed Apple IDs. In connection with this Service Plan, You agree to deploy Managed Apple IDs only for Your Institution's own internal business purposes and only to Your Authorized Users. You agree not to share, sell, resell, rent, lease, lend, or otherwise provide access to Managed Apple IDs to anyone other than Your Authorized Users. You may disable, suspend, or delete Managed Apple IDs (e.g., if an Authorized User leaves the Institution) in the Service Plan. Apple reserves the right to limit the number of Managed Apple IDs that may be created for Your Authorized Users and the number of Authorized Devices associated with an account.

Licenses

As part of the Service Plan, You have the right to have a non-exclusive, non-assignable, non-transferable, royalty-free license with a limited right (the "License") to access and use the Services during the Service Plan Term solely for Your Institution's purposes and subject to these Terms and Conditions. You may permit Your Authorized Users to use the Services for the foregoing purposes, and You are responsible for Your Authorized Users' compliance with these Terms and Conditions. You and Your Authorized Users do not acquire any right or license to use the Services, or any of its features, beyond the scope and/or duration of the Services specified in these Terms and Conditions or Plan Confirmation. You and Your Authorized User's right to access and use the Services will terminate upon cancellation, termination and/or expiration of the Terms and Conditions. Except as otherwise expressly stated in these Terms and Conditions, You agree that Apple has no obligation to provide any Apple software, services or products as part of the Services.

As part of this Service Plan, there are different licenses types You can purchase: (1) a device-based License ("Device Plan"); (2) a user-based License (multiple versions) ("User Plan"); or (3) a license as otherwise defined and agreed to in writing by Apple (each a "Service Plan License Type"). Except where otherwise specified in these Terms and Conditions, a license entitles You to the Services specified in these Terms and Conditions specific to the Service Plan License Type that You purchased.

2. The Plan Term

The Service Plan begins when You purchase the Service Plan and continues, unless cancelled, through the date specified in Your Plan Confirmation or as listed in Your Apple Business Manager account (the "Plan Term"). Apple will not provide services beyond the end of this Service Plan.

Your Service Plan Term is one (1) month, which will automatically renew each month unless cancelled as set forth in the "Cancellation" Section 12 below, including in the event that Apple is no longer able to service Your Covered Equipment due to the unavailability of service parts, in which case Apple will provide You with sixty (60) days' prior written notice of cancellation, or as otherwise required by law.

You agree to make all required payments by the due date. You will be billed at the end of each month in arrears for the days active in that month. Apple will calculate the number of days the Service Plan was in effect to which You and Your Authorized User(s) were eligible for the Services in the month and will bill (charge the credit card on file) a pro-rated daily amount corresponding to the number of days the Service Plan was in effect in that month. If you purchased through a reseller or carrier, please see the reseller's or carrier's terms and conditions with respect to specific charges associated with cancellation. If You do not make the required payment on time by the due date, Your Service Plan will cease from the due date. Apple or any reseller or carrier billing partner has the right, but not the obligation, to accept any late payment and allow Your Service Plan to continue from the date of late payment. If the price of Your Service Plan is subject to change upon renewal, You will be notified in advance of any price increase, in accordance with Section 13 of this Service Plan. Subsequent to the effective date of a Service Plan cancellation, You will be charged for any Services rendered by Apple to You or an Authorized User under a Service Plan that has been cancelled at Apple's then applicable out-of-warranty prices.

3. Services Provided under the Service Plan

3.1 Hardware Services

If during the Service Plan Term, You or Your Authorized User submits a valid service request by notifying Apple that (i) a defect in materials and workmanship has arisen in the Authorized Device or Included Equipment, or (ii) in relation to an Authorized Device or Included Equipment which uses an integrated rechargeable battery, where the capacity of the Authorized Device's or Included Equipment's battery to hold an electrical charge is less than eighty percent (80%) of its original specifications, Apple will either (a) repair the defect at no charge using new parts or previously used Apple genuine parts that have been tested and pass Apple functional requirements, or (b) exchange the Authorized Device or Included Equipment with a replacement device ("Replacement Device") that is new or comprised of new and/or previously used Apple genuine parts and has been tested and passed Apple functional requirements. Apple will use reasonable efforts to repair the Authorized Device. All Replacement Devices provided under this Service Plan will at a minimum have the same or substantially similar features (e.g., a different model with the same features or the same model in a different color) as the original product. If Apple exchanges the Authorized Device, or Included Equipment, the original Authorized Device or Included Equipment turned in to Apple becomes Apple's property and the Replacement Device becomes the Institution's (or the Authorized User's if a BYOD device under a User Plan) property and shall be considered an Authorized Device or Included Equipment. The Service Plan will apply to the replacement Authorized Device or Included Equipment for the remaining period of the Service Plan.

3.2 Service Credits

Depending on the Service Plan that You purchased and the License provided, during the Service Plan Term, You will be provided with service credits that give You the right to seek replacement or repair services for any reason for Apple TV, iPad, iPod and iPhone only, and/or the right to seek repair service for any reason for Mac ("Service Credits").

Exclusions apply as described below.

The number of Service Credits depends on the License purchased.

The Device Plan License entitles You to one (1) Service Credit per twelve (12)-month period based on Your Service Plan's original purchase date as specified in Your Apple Business Manager account. The Service Credits expire and all of Apple's obligations to You under this Section are fulfilled in their entirety once Apple has provided Service Credit service. Any unused Service Credits at the end of the applicable twelve (12)-month period will expire and You will get one (1) new Service Credit to use within the next succeeding twelve (12)-month period of continued coverage. All other Plan benefits continue throughout.

The User Plan License entitles You to one of two Service Credit plans depending on what User Plan License that You purchase. There is a user-based, User Plan License under which You can enroll one Authorized User and three (3) Authorized Devices and You get two (2) Service Credits per twelve (12)-month period based on Your Service

Plan's original purchase date as specified or in Apple Business Manager account. Alternatively, there is a user-based, User Plan License under which You can enroll one (1) Authorized User and one (1) Authorized Device and You get one (1) Service Credit per twelve (12)-month period based on Your Service Plan's original purchase date as specified or in Apple Business Manager account. Under both of the user-based, User Plan Licenses, the Service Credits expire and all of Apple's obligations to You under this Section are fulfilled in their entirety once Apple has provided Service Credit service. Any unused Service Credits at the end of the applicable twelve (12)-month period will expire and You will get one (1) or two (2) new Service Credits depending on user-based, User Plan Licenses purchased to use within the next succeeding twelve (12)- month period of continued coverage. All other Plan benefits continue throughout.

Additionally, there is an approval process function in Apple Business Manager that will allow administrator oversight over the usage of Service Credits. Instructions on how to manage and execute the approval process can be found in the Apple Business Manager User Guide.

Use of a Service Credit on an iPad Input Device will count as a separate Service Credit from that of an iPad and count towards Your Service Credit usage, even if You intend to use Your Service Credit on both an iPad and an iPad Input Device at the same time.

Apple will exchange or repair the Authorized Device with a Replacement Device that is new or comprised of new and/or previously used Apple genuine parts that have been tested and pass Apple functional requirements. All Replacement Devices provided under this Service Plan will at a minimum have the same or substantially similar features as the original product (e.g., a different model with the same features or the same model in a different color). If Apple exchanges the Authorized Device or replacement part, the original Authorized Device or part thereof becomes Apple's property and the Replacement Device or replacement part is Your property (or the property of Your Authorized User if under a User Plan a BYOD device is involved in the replacement) and will be included in the Service Plan for the remainder of the Service Plan Term.

3.3 Hardware Service and Service Credit Options

Apple will provide Hardware Services and Service Credit options to the Institution through one or more of these service options:

(a) On-Site Service. On-site service is available if on-site service is available for the type of Authorized Device product, and if the location of the Authorized Device is within the scope of the on-site service. Appointments, if eligible, will be available via the Apple appointment scheduler via either the Apple Support app or online via support.apple.com. When on-site service is requested within the service area and is otherwise available for the type of Authorized Device product, Apple will dispatch a service technician or designated courier to the location of the Authorized Device. Service will either be performed at that location, or the service technician or designated courier will transport the Authorized Device to an Apple Authorized Service Provider ("AASP") or an Apple repair service ("ARS") location for service. If service is completed at an AASP or ARS location, Apple will arrange for transportation of the Authorized Device back to the Institution or Authorized User following service. Apple will use reasonable efforts to provide a service technician or designated courier at the location within the response times specified at appointment creation. If a service technician or

designated courier visits a location at an agreed time and no person is available to provide access, Apple may charge a fee for the call. Further information about onsite service, including service area and response times, is available via the Apple appointment scheduler via the Apple Support app or online via support.apple.com.

(b) Carry-in Service. Carry-in service is available for most Authorized Devices, as long as the Institution or Authorized User has made arrangements with an Apple-owned retail store location or an Apple Authorized Service Provider ("AASP") that offers carry-in service for testing and repair services, including providing the necessary Service Plan information. Service will be performed at the store or AASP location, or the store may send the Authorized Device to an Apple repair service ("ARS") site for service. Once the Institution or its Administrator or Authorized User is notified that service is complete, the Institution, or its Administrator or its Authorized User must promptly retrieve the Authorized Device or if available, You may arrange for the Authorized Device to be delivered to Your location within the on-site service area by calling Your service representative. Shipping charges may apply.

(c) Mail-in Service. Direct mail-in service also is available for most Authorized Devices and Included Equipment products. If Apple determines that Your Authorized Device or Included Equipment is eligible for mail-in service and You or Your Authorized User chooses this option, Apple will send or deliver to You or Your Authorized User prepaid way bills (and if You or Your Authorized User no longer have the original packaging, packaging material) and You or Your Authorized User will ship the Authorized Device or Included Equipment to an ARS site in accordance with Apple's instructions. Once service is complete, the ARS site will return the Authorized Device or Included Equipment to You or Your Authorized User. Apple will pay for shipping the Authorized Device or Included Equipment to and from Your or Your Authorized User's location if You or Your Authorized User follow all instructions.

(d) Express Replacement Service ("ERS") or Do-It-Yourself ("DIY") Parts Service. ERS is available for certain Authorized Device products. DIY parts service is available for many Authorized Devices or parts and Included Equipment and this will allow Your information technology or similar department ("IT Department") to service Your own Authorized Device or Included Equipment, if You choose to do so. If ERS or DIY parts service is available, the following process will apply.

(1) Service where Apple requires return of the replaced Authorized Device or part. Apple may require a credit card authorization to serve as security for the retail price of the replacement Authorized Device or part and applicable shipping costs. If credit card authorization is not able to be provided or obtained, ERS service may not be available to You or Your Authorized User and Apple will offer an alternative arrangement for service. Apple will ship a Replacement Device or part to You or Your Authorized User with installation instructions, if such are applicable, and any requirements for the return of the replaced Authorized Device or part. If the instructions are followed, You will not be charged for the Replacement Device or part and shipping to and from Your location. If You fail to return the replaced Authorized Device or part as instructed or return a replaced Authorized Device or part that is ineligible for ERS service, Apple will charge the credit card for the authorized amount.

(2) Service where Apple does not require return of the replaced product or part. Apple will ship You or Your Authorized User free of charge a Replacement Device or part accompanied by instructions for installation, if applicable, and any requirements for the disposal of the replaced product or part.

(3) Apple is not responsible for any labor costs You incur in respect to ERS or DIY parts service. Should You require further assistance with the ERS or DIY service after You receive the Replacement Device or part, You should contact Apple.

(e) Apple may change the method by which Apple provides repair or replacement service to You, and Your Authorized Device or Included Equipment's eligibility to receive a particular method of service. Service will be limited to the options available in the country where and when service is requested. Service option availability, parts availability and response times may vary. Apple may use Replacement Devices or replacement parts for service that are sourced from a country that is different from the country from which the Authorized Device or its original parts were sourced. If service is not available for the Authorized Device or Included Equipment in a country that is not the country of purchase, Apple may not be able to provide service and You may be required to return to the country of device purchase for service or You may be responsible for shipping and handling charges to facilitate service in a country where service is available. If You or Your Authorized User seeks service in a country that is not the country of purchase, You and Your Authorized User must comply with all applicable import and export laws and regulations and be responsible for all custom duties, V.A.T. and other associated taxes and charges. If international service is available, Apple may repair or exchange products and parts with comparable products and parts that comply with local standards.

3.4 Technical Support Services

3.4.1 IT Department Technical Support

During the Service Plan Term, Apple will provide technical support services ("Support Services") on Apple software products or related technologies ("Supported Products") for the applicable Service Plan all as described at the following online webpage: apple.com/legal/sales-support/applecare/applecareplus/business-essentials/ac-plus-business-essentials-service.pdf (the "AppleCare+ for Business Essentials Service Plan Support Page"). Apple reserves the right to amend the Support Services provided and/or Supported Products included under the Service Plan, at any time, by posting updates to the AppleCare+ for Business Essentials Service Plan Support Page. Apple will not amend the Support Services and/or Supported Products in a way that (i) materially reduces the benefits provided to Institution under the Support Services, (ii) materially impacts Apple's obligation to deliver the Support Services to Institution, or (iii) materially impacts the rights or benefits that Institution receives under the Support Services. For any updates that affect Institution's Service Plan, Apple will notify Institution of the update via the email address registered by the Institution no less than thirty (30) days prior to the effective date of the update. The terms described at the AppleCare+ for Business Essentials Service Plan Support Page, as may be amended from time to time, are incorporated into these Terms and Conditions as if fully set forth herein. In the event of any inconsistencies between the terms in this document and the terms at the

AppleCare+ for Business Essentials Service Plan Support Page, the terms at the AppleCare+ for Business Essentials Service Plan Support Page will govern.

3.4.2 End-User Technical Support

During the Service Plan Term, Apple will provide You or Your Authorized Users with priority access to telephone and web-based technical support resources ("End-User Technical Support") on a 24/7 basis as described on the AppleCare+ for Business Essentials Service Plan Support Page: apple.com/legal/sales-support/applecare/applecareplus/business-essentials/ac-plus-business-essentials-service.pdf. Apple reserves the right to amend the End-User Technical Support included under the Service Plan, at any time, by posting updates to the AppleCare + for Business Essentials Service Plan Support Page. Apple will not amend the End-User Technical Support in a way that (i) materially reduces the End-User Technical Support benefits provided to Institution, (ii) materially impacts Apple's obligation to deliver End-User Technical Support Services to Institution, or (iii) materially impacts the rights or benefits that Institution receives under the End-User Technical Support. For any updates that affect Institution's Service Plan, Apple will notify Institution of the update via the email address registered by Institution no less than thirty (30) days prior to the effective date of the update. The terms described at the AppleCare+ for Business Essentials Service Plan Support Page, as may be amended from time to time, are incorporated into these Terms and Conditions as if fully set forth herein. In the event of any inconsistencies between the terms in this document and the terms at the AppleCare+ for Business Essentials Service Plan Support Page, the terms at the AppleCare+ for Business Essentials Service Plan Support Page will govern.

End-User Technical Support may include assistance with installation, launch, configuration, troubleshooting, and recovery (excluding data recovery), including storing, retrieving, and managing files; interpreting system error messages; and determining when Hardware Services are required. Apple will provide support for the then-current version of the supported software, and the prior Major Release. For purposes of this section, the term "Major Release" means a significant version of software that is commercially released by Apple in a release number format such as "1.0" or "2.0" and which is not in beta or pre-release form.

3.5 Scope of End-User Technical Support

Under the Service Plan, Apple will provide End-User Technical Support for the following:

(a) Authorized Devices and/or Included Equipment.

(b) Apple-branded Operating System including macOS, iOS, iPadOS, tvOS, and watchOS operating systems ("OS") and Apple- or Beats-branded software applications that are pre-installed on or designed to operate with the Authorized Devices, and any successor versions thereof, including, but not limited to, Keynote, Pages, Numbers, Photos, iMovie, GarageBand, Final Cut Pro, Logic Pro, Motion, Compressor, and MainStage (also referred to collectively as "Apple Software"). Apple will also provide technical support using the graphical user interface for server administration and network management issues on Apple's operating system server software ("macOS Server") on a Mac.

(c) Connectivity issues between Authorized Devices and a laptop or desktop computer, a compatible television, or other compatible wireless device that meets the Authorized Device's or Included Equipment's connectivity specifications and runs an operating system supported by the Authorized Device or Included Equipment.

Exclusions/Limitations apply as described below.

4. Plan Limitations

4.1 Hardware Services and Service Credits

Apple may restrict Hardware Service and use of the Service Credits to the country where the Authorized Devices and Included Equipment was originally purchased.

Apple will not provide Hardware Services or allow use of Service Credits in the following circumstances:

- (a) to protect against normal wear and tear or otherwise due to normal aging of the product, or to repair cosmetic damage such as scratches, dents, broken plastic on ports not affecting the functionality of the Authorized Device and in the case of Hardware Service the Authorized Device or Included Equipment;
- (b) to conduct preventative maintenance;

- (i) to repair pre-existing conditions of the Authorized Devices and Included Equipment if You purchased the Service Plan after You purchased the Authorized Devices. For the

avoidance of doubt, purchase of the Service Plan for any devices and use of Service Credits on such devices in close temporal proximity may be evidence that such device had pre-existing damage at the time of purchase of the Service Plan and that such Service Plan was improperly purchased. In such cases, Apple, in its sole discretion, may not perform Hardware Services or allow use of Service Credits;

(j) to repair any damage to Authorized Devices and Included Equipment with a serial number that has been modified, altered, defaced or removed or has been modified to alter its functionality or capability without the written permission of the manufacturer;

(p) Installation of third-party parts may affect Your right to obtain service. As a condition of receiving Hardware Services or Service Credits, all Authorized Devices and Included Equipment must be returned to Apple in their entirety including all original parts or Apple-authorized replacement components.

4.2 Technical Support

The Technical Support Service described in section 3.4 of this Service Plan does not include:

(a) Issues that could be resolved by upgrading software to the then current version, provided, however, that Apple will provide Institution or Authorized User with instructions and support on upgrading software;

(b) For use of the OS and Apple Software as server-based applications;

(c) Institutions or its Authorized User's use of or modification to the Authorized Devices or Included Equipment, the OS, or Software in a manner for which the Authorized

(k) to protect against, or in any way to apply to, the loss of, loss of use of, damage to, corruption of, inability to access, or inability to manipulate any electronic data stored within Authorized Devices or, if applicable, Included Equipment, including any such loss caused by unauthorized access or unauthorized use of such data, a denial of service attack, or receipt or transmission of malicious code;

5. Technical Support Limitations

5.1 Support Incidents

A "Support Incident" is a specific, discrete problem whose origin can be isolated to a single cause. Apple will make best efforts to resolve a Support Incident but does not guarantee that Support Incidents will be resolved. Apple, in its sole discretion, will determine what constitutes a Support Incident and, to the extent permitted by law, if the Support Incident is resolved. Generally, a Support Incident is resolved when the

Institution receives one of the following: (a) information that resolves the problem; (b) information on how to obtain a software solution that will resolve the problem; (c) notice that the problem is caused by a known, unresolved issue or an incompatibility issue with a Supported Product; (d) information that identifies the problem as being resolved by upgrading to a newer release of the Supported Product; or (e) notice that the problem has been identified as a hardware equipment issue.

5.2 Response Times

Apple will provide Support Services on a 24/7 Basis subject to any exceptions described on support.apple.com. Apple will make best efforts to respond to a Support Service request diligently within the response time described under the Service Plan, but does not guarantee that a resolution will be provided within a specific time period.

5.3 Use

Support Services are not intended for use in connection with high-risk activities or functions, including, without limitation, the operation of nuclear facilities, aircraft navigation, communication systems, systems used to dispatch first responders, air traffic control services, life support systems or services, or other activities in which the failure of the Support Services quickly to attain a desired result could lead to death, personal injury, or severe physical or environmental damage.

5.4 Administrator Contacts for Support Services

Other than for End-User Technical Support, Support Services are provided to persons or agents designated by Institution at time of registration and as allowed under the Service Plan ("Administrator Contacts"). Support Service engagement begins with Apple's T1 and T2 support and is passed over to the T3 team via email. The initiator and the Administrator Contacts will be added to the email for further troubleshooting and engagement. The Administrator Contacts can be changed by the Institution via Apple Business Manager account as described in the instruction documents delivered at the start of the Service Plan.

6. Obtaining Service and Support

You may obtain services by following the instructions provided in Your Plan Confirmation by calling Apple, accessing the Apple Business Essentials app or going to Apple support web page. Detailed instructions on how to obtain service and support will be available in Apple Business Manager account portal and Apple Business Manager User Guide.

7. Institution Responsibilities

7.1 General

To receive Services, Institution must follow the access instructions provided by Apple. Institution is responsible for all fees in establishing and maintaining email and telephone communications with Apple. Institution and Authorized Users will cooperate with Apple when requesting Support Services by providing requested information and responding to questions about the symptom and causes to Apple necessary to assist in diagnosing

any technical issue. Institution and its Authorized User must follow all instructions Apple provides. Institution must update software to currently published releases prior to seeking service. Institution is responsible for backing up software and data residing on Authorized Devices and for any and all restoration or reconstruction of lost or altered files, data, or programs. Institution will maintain and implement a complete data backup and disaster recovery plan. Institution is solely responsible for any and all security of its confidential, proprietary or classified information. Institution, its Administrator, its Technical Contacts and its Authorized Users will not disclose to Apple confidential, proprietary or any information that is subject to intellectual property rights, which may expose Apple to liability. Institution, its Administrator, its Technical Contacts and its Authorized Users will have a reasonable understanding of the Supported Products for which it seeks Support Service and the computer system on which it is operating. Institution, its Administrator, its Technical Contacts, or its Authorized Users may not transfer any right to Hardware Services, Service Credits (or rights to use Service Credits), Support Services, or any other services hereunder to any third party, including to any person who is or was a former Administrator, former Technical Contact, or former Authorized User. Such Hardware Services, Service Credits, Support Services, and other services hereunder are provided for the internal use of Institutional only, and any unauthorized distribution of Hardware Services, Service Credits, Support Services or any other services hereunder will be grounds for immediate termination of this Service Plan. Institution will take reasonable measures to prevent the unauthorized distribution and use of Hardware Services, Service Credits, Support Services, or any other services hereunder. Institution will not abuse its receipt or use of Support Services, including, but not limited to, accessing Support Services to perform routine updates or other task reasonably within the purview and skill of Institution's own IT Department.

In the event that Support Services or other services hereunder are provided at any Institution's location as part of a Service Plan, Institution will ensure that Apple or its authorized representative is granted access to the location at the arranged time. Institution will secure a safe working environment sufficient for Apple to perform the Support Services.

DURING HARDWARE SERVICE OR SERVICE CREDIT SERVICE, APPLE MAY DELETE THE CONTENTS OF THE AUTHORIZED DEVICES AND INCLUDED EQUIPMENT AND REFORMAT THE STORAGE MEDIA.

Apple will return Your Authorized Device or Included Equipment or provide a Replacement Device as the original Authorized Device or Included Equipment was originally configured, subject to applicable updates. Apple may install OS updates as part of Hardware Service or Service Credit Service that will prevent the Authorized Device or Included Equipment from reverting to an earlier version of the OS. Third-party applications installed on the Authorized Device or Included Equipment may not be compatible or work with the Authorized Device or Included Equipment as a result of the OS update. Institution or its Authorized Users will be responsible for reinstalling all other software programs, data, and passwords.

8. Limitation of Liability

THE BENEFITS CONFERRED BY THIS PLAN ARE IN ADDITION TO ANY RIGHTS AND REMEDIES PROVIDED UNDER CONSUMER LAWS AND REGULATIONS. TO THE EXTENT THAT LIABILITY UNDER SUCH LAWS AND REGULATIONS MAY BE LIMITED, APPLE'S LIABILITY IS LIMITED, AT ITS SOLE OPTION, TO REPLACEMENT

OR REPAIR OF THE COVERED EQUIPMENT OR SUPPLY OF THE SERVICE. SOME STATES OR PROVINCES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO SOME OR ALL OF THE ABOVE LIMITATIONS MAY NOT APPLY TO YOU.

9. Remote Access Support Services

As part of the Service Plan, Apple may provide Support Services via internet remote access, whereby it will access, and if permitted by Institution, control and gather, information on Institution's computer through the installation and use of remote access software. Installation and use of the remote access software by or on behalf of Institution indicates its permission for Apple to provide Support Services in this way. All or portions of the remote access software files may remain on Institution's computer after the Support Service session is finished. Title to the remote access software and all intellectual property rights included therein remains with Apple and/or its licensors. Use of the applicable remote access software may be subject to additional licensing terms available at apple.com/legal/sales-support/remote-support/. Institution may not disassemble or reverse engineer any portion of the remote access software. While remote access Support Services are provided, Apple will only access, control and gather information on Institution's computer that it reasonably believes is necessary to analyze and provide assistance for the Support Incident. Apple recommends that Institution close all files and applications that are not pertinent to the Support Incident. The remote access software or the features of Institution's computer will allow Institution to terminate the remote access Support Service session at any time.

10. Disclaimer of Warranty

ALTHOUGH APPLE CANNOT GUARANTEE THAT A SUPPORT INCIDENT WILL BE RESOLVED, APPLE WILL MAKE REASONABLE EFFORTS TO PERFORM SUPPORT SERVICES UNDER THE SERVICE PLAN IN A PROFESSIONAL MANNER. TO THE EXTENT PERMITTED BY LAW, THE EXPRESS WARRANTY AND REMEDIES SET FORTH HEREIN ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, REMEDIES AND CONDITIONS, WHETHER ORAL OR WRITTEN, STATUTORY, EXPRESS OR IMPLIED. AS PERMITTED BY APPLICABLE LAW, APPLE AND ITS LICENSORS SPECIFICALLY DISCLAIM ANY AND ALL STATUTORY OR IMPLIED WARRANTIES, RELATING TO OR ARISING IN ANY WAY OUT OF THESE TERMS AND CONDITIONS, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

APPLE SPECIFICALLY DOES NOT WARRANT THAT (i) IT WILL BE ABLE TO REPAIR OR REPLACE THE AUTHORIZED DEVICES OR INCLUDED EQUIPMENT WITHOUT RISK TO OR LOSS OF PROGRAMS OR DATA, (ii) IT WILL MAINTAIN THE CONFIDENTIALITY OF DATA, OR (iii) THE OPERATION OF THE PRODUCT WILL BE UNINTERRUPTED OR ERROR-FREE.

11. Limitation of Liability

TO THE MAXIMUM EXTENT PERMITTED BY LAW, APPLE'S, ITS EMPLOYEES, AGENTS AND ITS LICENSOR'S LIABILITY UNDER THESE TERMS AND CONDITIONS IS LIMITED TO THE AMOUNTS PAID BY INSTITUTION FOR THE

SERVICE PLAN ORDERED BY INSTITUTION. IN NO EVENT SHALL APPLE, ITS EMPLOYEES, AGENTS AND/OR ITS LICENSOR HAVE ANY LIABILITY FOR ANY INDIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, DAMAGES FOR LOSS OF BUSINESS, LOST REVENUE OR PROFITS, LOSS OF ANTICIPATED SAVINGS, LOSS OF DATA, LOSS OF USE OR EQUIPMENT OR FACILITIES, RECOVERING, REPROGRAMMING, OR REPRODUCING ANY PROGRAM OR DATA, FAILURE TO MAINTAIN CONFIDENTIALITY OF DATA, OR INTERRUPTION OF BUSINESS, ARISING IN ANY WAY OUT OF THESE TERMS AND CONDITIONS UNDER ANY THEORY OF LIABILITY (WHETHER IN TORT, INCLUDING NEGLIGENCE, CONTRACT, OR OTHERWISE), WHETHER OR NOT APPLE, ITS EMPLOYEES, AGENTS AND ITS LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGE. OTHER DISCLAIMERS MAY BE CONTAINED IN THE LICENSING TERMS APPLICABLE TO THE REMOTE ACCESS SOFTWARE AVAILABLE AT apple.com/legal/sales-support/remote-support/.
